

7th Grade Art

Mrs. Conte

"To swear off making mistakes is very easy. All you have to do is swear off having ideas." — *Leo Burnett, American advertising pioneer (1891-1971)*

In 7th grade art you will begin your mature artistic foundation. This class will meet on odd & even day schedule. Some of the topics covered will include: observational drawing; the elements of art; visual communication; and color theory. In this class students will gain experience using pencils, colored pencils, and markers, pastels and etc.

Grading:

- Short assignments, sketchbooks, quizzes and worksheets will be graded (100pts)
- Major art projects will count twice. (200 pts)
- Professionalism grade will count once per quarter. See Grade Explanation Sheet...

**In Art 7 much of our course work will be completed during class time. Students must be diligent about completing work on time and making up work that was missed due to absence! Be sure to make use of extra help time if necessary. (Make up for missed time by coming to Extra Help BEFORE the assignment is due). Attitude, preparedness and etc. will count towards your Professionalism grade and not your project grade. Craftsmanship is important.*

Class Expectations:

- Be respectful of people and materials!
- Clean up after **yourself**, wipe down your area, wash your hands as necessary and use sanitizing stations.
- Immediately follow instructions for the day. We will establish classroom routines early in the year!
- Quietly** listen
- Participate by raising your hand

Dear Parent/Guardian,

Thank you for your assistance in helping to provide some art materials for your child. While we have many supplies here at GAMS we would like students to have their own sketchbook to use in and out of school. Your dedication and commitment to ensuring the best possible education for your child is especially important. The GAMS Art Department is thankful!

This year will be filled with a new and exciting exploration of the arts and principles of design. We will be focused on the elements of art including Line, Shape, Form, Texture, and Color. You will be able to see student progression throughout the year.

The fastest way to contact me is through email jconte@bmchsd.org

Sincerely,

Mrs. Conte
